Requests by parents to have their children excused from school for education/vacation trips must be evaluated under the authority of Regulations of the State Board of Education, Chapter 11, Pupil Attendance, Section 11.26 “Educational Tours and Trips, Not School Sponsored.”

“Upon receipt of a written request from the parents of the pupils involved, pupils may be excused from school attendance to participate in an educational tour or trip provided during the school term at the expense of the parents when such tour or trip is so evaluated by the District Superintendent and pupil participants therein are subject to direction and supervision of an adult personage acceptable to the District Superintendent and to the parents of the pupils concerned.”

A student will be permitted to take one (1) educational trip (up to a maximum of five (5) school days) per school year with parents/guardians and receive an excused absence, provided that parents/guardians comply with the policy requirements.

1. The maximum five (5) days permitted may be used for one (1) trip or a few small trips. However, only a total of five (5) days for a school year will be permitted to be taken by a student. Any number of days less than five (5) used in a school year will be forfeited at the end of the school year and will not be allowed to be carried over to the next school year.
2. Any days beyond the maximum of five (5) days will be considered unexcused and unlawful for students under age seventeen (17) and appropriate legal action will be taken.
3. A written request for a student to be excused due to an educational/vacation trip must be submitted to the building principal no less than thirty (30) days prior to the trip.
4. The following will be taken into consideration by the principal in granting permission for the trip:
 - a. The student’s academic standing
 - b. The student’s attendance record
 - c. The effect the absence will have on the student’s educational welfare.
 - d. Exceptionality of the request
5. Students are responsible for contacting teachers and making up missed work and/or assignments.
6. Permission may not be granted for trips/tours during the District’s standardized testing period, the state’s testing periods, and the secondary school examination periods at the end of the first and second semesters.
7. Requests for periods of time for family educational trips exceeding five (5) days may be reviewed by the School Board on a case-by-case basis.
8. The School Board will recognize other justifiable absences for part of the school day. These will include medical or dental appointments and family emergencies.
