

What Happens After I Give My Permission?

There are several steps that the team will take after you sign the permission form:

1. The ESAP team will gather specific information about your child's performance in school from all school staff who have contact with your child. An ESAP team member will also talk with you either in person or over the phone about your observations, your child's strengths, and your concerns.
2. Together, you and the ESAP team will develop a plan of action to help your child achieve success in school. The plan might include services and activities in school and/or services from a community agency. If necessary, the ESAP team will talk with you about services in the community and give you information on how to contact others who may be able to help.
3. The ESAP team will continue to work with and support your child. They will stay in touch with you to talk about your child's progress and success in school. Your continued involvement is very important.

Contacting Your School's Student Assistance Program

If you feel that your child may need help, call your child's school and ask to speak with a member of the ESAP team. Someone will be there to help.

Privacy

The ESAP team and the school will respect your and your child's privacy at all times.
